

Just Standing around on Halloween? Come to the MT LEMMON HALLOWEEN BASH '99

this Saturday night

Saturday, October 23rd 5 PM - 9 PM

@ the Mt Lemmon Fire Station 13170 Control Rd

Come join us for an evening of food, fun, music & games!
Doors open at 5 PM. Cost is \$2 per person or \$5 per family. 50 cent tickets for cake walk and gypsy available at the door - **\$1425 in RAFFLE Prizes - tickets \$1 each - all proceeds benefit your Mt Lemmon Fire Department.**

5:30 PM POT LUCK everyone is asked to bring a favorite dish to share. Coffee, lemonade, & deli trays are being provided by the Fire Department and the Mt Lemmon Homeowners Association.

5 - 6 PM COSTUME CONTEST children and adult costumes will be judged with the following categories: (1) most creative (2) most funny (3) most scary! There will be 15 winners in all! A total of \$150 in prizes, donated by Tom and Patty Thomas, will be given away!

6 - 7 PM CHILDREN'S CARNIVAL GAMES no charge! Join us in the fishing game, bean bag throw, basketball shooting game. Play the "Hot Body Parts" game sponsored & run by the Lisa Frank Corporation. Every child wins assorted prizes and treats!

6 - 7 PM MONSTER CAKE WALK Cost is 50 cents (1 ticket) per entry - all proceeds benefit the Mt. Lemmon Fire Department. You can walk on the "monster prints" made by the children at Zimmerman School, and try your luck to win a cake, made by the Mt. Lemmon Woman's Club and community volunteers.

6 - 9 PM visit Madame Katarzyna Kalderasha and her sisters

Luminitza and Outza. They have come all the way from Romania with their brother Nicholae. There was a small controversy over VISAs and the transporting of their Yaks, but they are finally here! They will look into your future and recall your past! Outza will paint your face while you wait! Luminitza will read your palm. If she doesn't like what she see, she read her palm. The cost of 50 cents includes a special reading by the Madame Gypsy of gypsies - Katarzyna Klalderasha & her entire clan, *(to benefit your Fire Department)*.

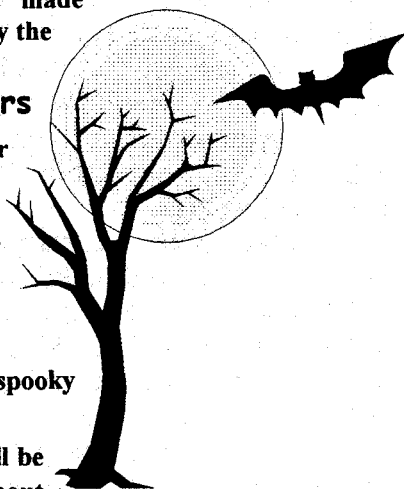

Free MONSTER MOVIE THEATER 2 show times **6:45 & 7:15.** A spooky cartoons & shows for your little goblins and ghosts!

8 PM MAGIC SHOW Award winning magician Michael DeSchalit will be performing for the children. He will also be performing magic for everyone throughout the evening! Sponsored and paid for by the Mt Lemmon Womans Club and the Fire Department.

7 - 8 PM HAUNTED HOUSE free ... if you dare! The new addition to the fire station is really haunted!! Come see for yourself! Put on by

firefighters Steve Schwarts and Chris Massingill and Kelly Schanahan.

FREE POPCORN & COTTON CANDY by Pima County Supervisor Ray Carroll

Mike Stanley will "MC" this event

Also, special thanks to Vic & Debbie Zimmerman who donated overnight accommodations at Cabins and Cookies and to the VIPs attending the Halloween Bash!

If you'd like to donate a raffle prize, there's still Time - and it all goes to MLFD so it's tax deductible! Contact Malisa @ 621-7932

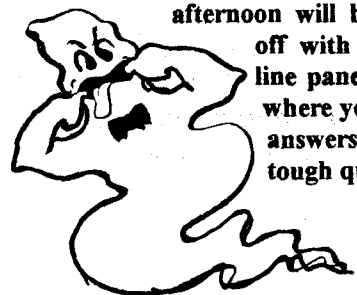

Enter at Your Own RISK our fun filled party with all the other ghosts and goblins. And tell a neighbor, friend or family member who doesn't see our Echoes about this ghostly good time planned for all. This could be chillin and we don't mean the weather! Sponsored by too many to mentionbut we want to **THANK YOU ALL!**

SEE ATTACHED orange FLYER on cover & PASS IT ON!

Special Thanks to Malisa Grantham and Joanne Eader for organizing the Halloween Bash.

NFH Free Forum in February in Tucson

The National Forest Homeowners (NFH) will hold an open meeting in Tucson, February 5, 2000. The NFH is the only nationwide organization solely advocating for those with second homes on the national forests. One of their major roles is informing cabin owners around the West through locally held permittee forums. While those with cabins on Forest Service land on Mt. Lemmon are the most vitally interested in what's going on in the Forest Service that affects them, anyone with a similar interest is welcome to attend. Registration for the forum, which will be held at the Best Western Airport Hotel, will begin at 12:30 PM. A full afternoon of educational /informational programs is planned. These will include discussions of the appraisal process, the recreation residence permit and policy, and the latest on legislation affecting permit fees. These topics are always high on the interest list for cabin owners and users. There is no charge for the forum. It is a great opportunity for engaging in one-on one conversations with fellow cabin owners, Forest Service officials and NFH board members. The afternoon will be capped off with a "firing line panel" session where you can get answers to those tough questions.

Long Time Resident of Mt Lemmon, Paul Hawkins Honored for Hawkins Park

Paul Hawkins donated the 16 acres of land to the Limestone Township, Kankakee, Illinois, as a way of preserving the family name. Paul's great-great grandfather, Jepson Hawkins was the first white settler of Limestone Township at the tender age of 17. The family homestead and farm has never been in any name other than Hawkins. The land was donated with the stipulation that it only be used for public purposes. Paul will be 90 years young in December, and returned last month for the dedication ceremonies. Here's a copy of the letter he received:

*Dear Mr Hawkins,
On behalf of the Limestone Park District, I would like to invite you and your family to the dedication of Hawkins Park on Sunday, September 26th. Limestone Park has leased the land that you have donated to the township for the next 50 years. I think you will be very proud when you see the new park. We have contoured the land, sowed grass and planted over 100 new trees. We have also built a 3/4 mile walking trail and bought new playground equipment. We hope to continue with more improvements over the next few years. September 26th will be the formal opening with a band, refreshments, and many*

prizes. I hope that you and your family can attend this gala event.

Again, I would like to thank you on behalf of the people of Limestone for your donation.

Sincerely,

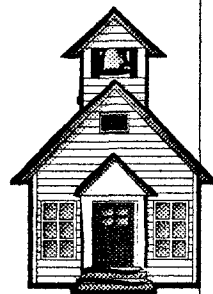

*Francis V. Ceaccio,
Limestone Park President,
Kankakee, Illinois*

A "Thank You" from the Universe by Judy Epstein

While hiking today, I received an unexpected gift - a "thank you" from the Universe. My husband and our two Australian Shepherds took one of our favorite hikes, walking from our cabin down to Marshall Gulch Picnic Area, going up Aspen trail, coming down Marshall Gulch and continuing back up to our cabin. Along the way, I picked up other people's thoughtless litter and carried it in my pack. My collection on the trail consisted of a cigarette butt laying on the trail (right next to fallen pine needles!), a liter Seltzer bottle, a Sweet Tart wrapper, a Milwaukee's Best beer can, and two plastic lids to drinking cups. Then right past the turnout by Marshall Gulch's winter gate, I went to pick up another item that caught my eye. It turned out to be a discarded yet perfect long stem red rose, thoroughly protected in its cellophane wrapper and kept fresh by the cool mountain temperature and its full miniature holder of water. The wrapper said, "Desert

Greetings" and gave instructions for keeping the rose fresh. My heart was singing and my face was beaming for that last mile walk home. Although I'm sure there is some other story that lies behind this last find, its meaning to me was immediately apparent. The "desert" was sending me greetings and the Universe was giving me a "thank you" for doing what I could to keep nature beautiful.

School News Zimmerman Elementary - A Busy Place by Suzanne Hensel

I was honored and thrilled about getting the teaching job at Zimmerman School for the 1999-2000 school year. I earned my teaching certificate way back in 1989. Since that time I have stayed busy with our children, but I always planned to teach some day. There is no denying that my situation is quite unique. Not only do I get to teach my friends' children, but I have my own kids in the class. It has been a blessing to have both. I must admit, though, I have been overwhelmed by the amount of work and responsibility that goes along with the job. Things have been buzzing at the school since the beginning of August. It took an enormous amount of time getting the school ready for the students. With lots of help from many parents we were able to get it together in time for our first day on August 16th. Since that time I've been working hard on planning and teaching the

curriculum. A multi-grade classroom is very challenging. The various educational levels of the children is quite extreme. I really have to know where I am, and where I need to be going every minute of the day. Despite feeling overwhelmed, I am enjoying the challenge and the curricular needs of the students are being met. The children are wonderful. They both inspire and energize me. I would like to thank everyone who has supported my new position and the school. This school does not just belong to the children and the families of the children, but to the whole Community.

Suzanne Hensel is looking for volunteers to help in the classroom. If you can help, please phone her @ 576-1272.

Special thanks to Rachel Crawford, who has been donating 3 hours daily in the classroom.

Fire Season is Back !!!!!

By Chief John Roads

Fuel moisture are drying and fire is happening. Last weekend, October 9th, there were two-tourist caused forest fires. One was the result of an illegal off-road activity - the vehicle caught fire and spread to the forest. Drinkers caused the second fire. They built an unsafe campfire that spread to the forest

near Rose Lake. In addition to the drying trends, the cooler weather will bring additional fire hazards in campfires for warmth, furnaces, and fireplace ashes. We can't let our guard down. Improper disposal of ashes and unattended campfires are the leading causes of fires on the mountain. Insure that all ashes are properly stored in metal containers, away from any combustible materials. Remember that both cabins and pine needles are considered combustible materials. Any cabin firebox or furnace should receive proper maintenance before use this winter. In addition to being a fire hazard, improperly serviced units can also be deadly carbon-monoxide producers. The odorless, colorless gas causes death by slow asphyxiation. To protect your cabin and the occupants within, insure that smoke and carbon monoxide detectors are in working order. Conditions are improving for prescription burns. The forest service is currently checking conditions for possibly conducting the second half of the Loma Linda burn late in October. The first half was conducted last January. Signs will be posted if the burn is initiated. The Loma Linda burn area starts at the fire station and goes down the back road approximately 3 miles. It also includes the sewer treatment building area and part of Crystal Springs Trail. Prescription burns are conducted to both improve the forest health and reduce the fire hazard to the village.

Another large burn is planned for early November in the Happy Valley area just behind the Rincon Mountains.

Conditions are also good to continue pile fires within the village. If you have raked piles of pine needles, call the fire station (576-1201) for a burn appointment.

The Fire District is currently working on the purchase of a newer 4-wheel drive ambulance. The newer unit will replace the two, high maintenance vans currently in use today. The 4-wheel drive will provide us the capability of continuing emergency transport of critical patients and inclement weather transport of all patients. The unit delivery is expected during the week of October 18th.

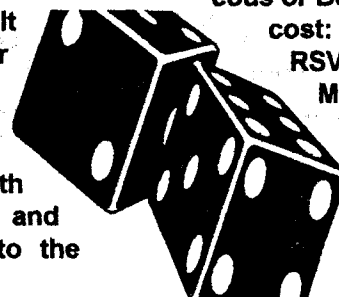

Just a reminder - The Annual Halloween party is scheduled for Saturday, October 23rd at 5:00 PM at the Fire Station. Hope to see you there.

Ross Quigley recently hired a chimney sweep and was very impressed with the work he did. Chris the Chimney Sweep of Affordable Chimney Sweeps @444-2845 spent about 4 hours and did a very thorough job on Ross' chimney.

"Bunko" Nov 13th

by November
8th.

**LAST BUNKO
THIS YEAR**

To my friends:

We all know that this is a time for everything under the sun. What I am writing to you today about, is to let you know that the time has come for me to resign from the Mt. Lemmon Fire District Board of Trustees. I have given my notice to Bob Zimmerman, Chairman of the Board of Trustees, that I will be leaving my position by the time of our next regular meeting for health reasons. Please do not get ready to say "au revoir." I am having a prolonged argument with the One who had funny ideas and created me. So far, indications are that I will be here for an extended period of time.

I leave with a sense of pride and accomplishment. I have appreciated the hard work, devotion, and sensitivity to community and individuals needs shown by Board members, Chief Roads, and especially to his capable, efficient, well trained, knowledgeable, organized, friendly FIRE FIGHTERS.

I leave with an additional sense of comfort knowing that the fine improvements and accomplishments of recent years will continue to receive your support. I

have enjoyed working with you all and wish you the best of luck.

Sincerely yours,
Phil Archambault

Dani Hayhurst has been appointed to fill the remainder of Phil Archambault's term on the Mt Lemmon Fire District Board.

I spoke with owner Sonni Wendt of Mt. Lemmon Suites & Fine Crafts on Sabino Cyn Parkway. She advised that we watch for a village general store to be opening soon below Mt. Lemmon Suites and Fine Crafts. Hopefully, she'll have definite information on an opening date by the next issue of the Echoes. Until then, if you need items like band aides, tylenol, etc, stop in and purchase them at the Mt. Lemmon Suites and Fine Crafts.

Homeowner/ Water Board News & Updates

by Larry Waldron
president, MLHO

The weather has been unusually warm for mid October. The leaves are starting to turn to their beautiful shades of orange, rust and red. Bear Wallow has plenty of color while some warmer protected areas still have green leaves. If you haven't had a chance to enjoy the fall colors you still have a couple of weeks. The sunny fall days are great for a nice hike or just sitting and enjoying the colors. It is hard to

believe that in only a month we could be having freezing nights and cold blustery days.

The Mt. Lemmon Cooperative Water Company has had a busy year. The new transmission line to Loma Linda is operational. Our new storage tank should be completed by the end of October. To view the new 212,000 gallon tank, hike up Turkey Run road (past Mt. Lemmon Realty) to the end of the pavement. It is about a 2 miles from the Forest Service gate to the tank. The Columbia tank has approximately 17,000 bolts. It is located on the old Rugg cabin site. This tank will eventually provide a raw water supply to our future filtration system. The water from the filter will then be stored for delivery in a future 1 million-gallon tank on the same site.

A water reminder to all cabin owners. It is time to winterize your cabin. Every year we experience large water losses and cabin damage due to frozen water lines. Lets make this year a first and not have to send large water bills to customers for water losses, or have the disappointment of finding your cabin damaged by thousands of gallons of water seeping through the floors. If you are a new cabin owner and are not sure how to winterize your cabin call Michael Stanley at the water office for assistance. 576-1538

Loma Sabino will be closing the gates to their roads for 24 hours on November 17th. For further information, contact Loma Sabino's management firm, Stratford Management

Summerhaven Summer Festival of Lights 2000

here's a draft of the Concept - I'm looking for input while we're in the planning stages Dani Hayhurst @ 298-6328 or e-mail hayhurstaz@aol.com or mail 100 N Avenida Javalina, TA 85748 We need to celebrate the year 2000 on Mt Lemmon . Suggestions for names have included Summerhaven Enlightenment or celebration of the Summer Solstice. We'll start with a LIGHTING CONTEST. WE WANT TO MAKE IT AN EVENT! Save out your Christmas lights, or buy lights on sale after Christmas for this event. It's hard to find lights in May. Just let your neighbors know to save out the lights, or some decorations from your Christmas supplies to use on Mt Lemmon or to buy Christmas lights on sale in Dec with concept of theme decorating of your cabins. We're working on categories. Here are a few suggestions to date: red/white/blue lights for 4th of July, white lights white Knights, Fire Flies Parade, Starry starry nights, Moon over Mt Lemmon, etc. We could have a contest for the participating cabins to be judged (possibility by Trico) in June.

When I presented this to the Mt Lemmon Woman's club for support at the October meeting, they offered to support & sponsor this as a Group.

How to help make 4th of July which falls on a Tuesday - special for Y2K - since we can't have fireworks, we can have a different kind of light show. We can light up cabins!

Some early feedback:

Dear Dani, I shared with Chet your ideas about decorative lights next summer on the mountain for people up here and from Tucson to enjoy at night. He brought up a concern which I think was validity. At least in our area (LSHA), we wouldn't want to attract or invite the public onto our roads because they are signed as "private property" and we discourage unauthorized travel on them because of liability concerns. Perhaps for Summerhaven, it might work, but you might want to make that distinction. Hope this is helpful info/feedback.

Judy

Judy - this is a valid point and I'm glad you mentioned it- Here is my initial response:

Why have a Summerhaven Summer Festival of Lights?

#1. This is a celebration of the year 2000 by our small community.

#2. Because we know from past experience how the road reconstruction has negatively affected the businesses. Hopefully, we can create another reason for folks to weather the bumpy dirt & gravel detours, pilot cars and delays. Even those in Loma Sabino enjoy the conveniences the local businesses offer. And, we're talking about 3 months out of the year 2000 - but these can be the prime \$\$ months for most businesses. The businesses could have "uptown Saturday nights" similar to what downtown Tucson does to promote revenue to the ailing downtown Tucson area.

This will draw property owners & their guests out in the early evenings throughout the summer to enjoy a stroll around the village. And, a draw from the Tucson valley as an attraction during the summer months couldn't hurt the village businesses either. The concept of twinkling lights on the cabins throughout the summer on weekends would keep the tourist pressure off of a one or 2 week display. Winterhaven does Christmas lights over a condensed 2 week period - and while I doubt seriously that we could become the reverse twin of Winterhaven/Summerhaven in visual appeal, having lights displayed during the summer (with an emphasis on the 4th of July - when we can't use fireworks - using "light" works) may be an added incentive to keep visitors returning to the mountain during the construction phase of the highway with all it's pitfalls and obstacles. I checked, and early reports regarding light pollution form strings of Christmas lights in nominal.

One thing I have noticed, cars will drive these roads whether posted private or not, lights or no lights. Some people just want to look at the architecture and flavor the small community atmosphere. If our few remaining businesses don't bring in

enough revenue during this construction period, we'll all lose out - it's nice to have a gift shop, or a place to have a drink & eat & stay overnight.

Again, I'm looking for feedback - let me know what you think - this won't work without YOU!

Dani Hayhurst, editor, Echoes

Speaking of Road construction

There is a Road meeting at the Alpine this Tuesday night @ 6PM. A recently released facts sheet has the project boundaries of 1.8 mile from milepost 9.6 (new bridge) into Bear Canyon for the lower section, and from Lizard rock (milepost 16) up 4.9 miles to Bigelow Road.

The time line is :

Oct 1999 Advertise for Bids

Dec 1999 Select Contractor

Jan 2000 Notice to Proceed ...

minor construction activities to begin

Mid Feb Heavy Construction

Dec 2001 Construction Complete

Project improvements include pullouts for slow traffic, shuttle pullouts at Rose Canyon, below San Pedro Vista, realign Willow Cyn intersection to improve sight distance, new trail head for the Green mountain trail, new asphalt and walls at San Pedro Vista. The trail head at San Pedro vista will be removed. The intersection at Soller will be improved. A new overlook at Sycamore Cyn 1/4 of a mile past Sollers will be built. Access to Organization Ridge into the boy Scout camp improved. Bigelow trail head, toilet and phone facilities will be moved from Palisades across the highway from Organization ridge. The parking area across from Palisades will be removed and revegetated and a new entrance and exit to Palisades will be constructed. (Draft of road schedule with delays and closures in next issue)

On Monday September 1999 Jimmerson Elementary School got new P.E. equipment. The school has P.E. equipment thanks to Mrs. Hensel our teacher. She gave us have all equipment, badminton, soccerball, football, and volleyball. You have to be pretty good at kind to be badminton. volleyball is pretty easy when you get the hang of it. You can only use the P.E. equipment at P.E. sometimes we play basketball instead of baseball. When you play basketball you never know if you will hit a home run. In basketball you have to kick the ball and run around the bases. In Chandler Miranda good night.

Mt Lemmon Homeowner's Board: Larry Waldron. President, Fran Crowe, vice president, Florence Wilhoite, treasurer, Kathy Shields, secretary, Chuck Autrey, Fran Zimmerman, membership, Carrie Reitz, Olga Pace, John Mulay, Pete Krauss, Red Greth, and Dani Hayhurst, editor of Echoes
