

The Mount Lemmon Echoes

Name Change : Opinion Requested By Joseph McCollough, Summerhaven resident

Dear Summerhaven Residents:

I/We are writing to everyone who is a member of the Summerhaven Homeowners Association regarding a proposal to Mr. Steve Christy, Pima County District 4 Supervisor for our Summerhaven Community, Pima County, Arizona. We are proposing renaming the Summerhaven Community Center as follows:

Zimmerman Family Center

Additionally, we are also proposing that a new plaque be displayed in front of the Center with a specific focus on who we believe is the real founder of Summerhaven: **Tony Zimmerman**. Tony Zimmerman is the individual who was responsible for making Summerhaven what it is today, after all, Tony started a school, had a sawmill business, a hotel, he was involved in real estate, among other things and all of these endeavors started way back in the early 1940's. It is also very important for all of us to keep in mind the contributions made by Tony's son, **Bob**, who has continued on with several of the things his father, Tony, started so many years ago. From my perspective, the primary reason for proposing this change is to keep things conspicuously in the Summerhaven "Family", we are all a part of that family and it just seems right to recognize Tony Zimmerman, the real founder of Summerhaven, with a name change that recognizes all of Tony's efforts. From what I have learned about Tony Zimmerman, I am sure he would be a little embarrassed about this requested name change, but seriously, Summerhaven residents, this really is the right thing to do! I am asking for your support moving this forward to the office of Mr. Steve Christy for his approval and action. I would really like to receive your view regarding the name change, so please forward your thoughts and opinions to the following address: jncc1@gmail.com.

Respectfully Submitted,
Joseph A McCollough, MD
12979 Tempe Ave.
Summerhaven, AZ 85619

An Attitude of Gratitude

by Pamela Selby-Harmon, Mount Lemmon Postmaster

Probably the most impressive thing about the Burro Fire event, from my point of view, has been the outpouring of gratitude. We all have dealt with the anxiety and angst, which are fleeting emotions...gratitude changes us and lasts. Gratitude, like forgiveness, impacts the people who are doing the act (being grateful) more so than the people who are the objects of those acts. As many tourists have heard me say, whenever they ask about the Aspen Fire, we did really well! No one was seriously hurt or worse in the process of coping with the tragedy that event was. That experience has given us perspective to really appreciate the people who put themselves out there on behalf of others. I feel blessed and grateful to be involved with such outstanding people. Please, let's maintain that Attitude of Gratitude as we move forward and continue to feel the blessing we have been given, from living in this wonderful place to having such outstanding people in our midst.

THANK YOU!.

Mount Lemmon Post Office

by Judy Tully, Carter Canyon Road Resident

Early in June of this year I was taking a morning walk. As I approached the post office, I noticed 3 people standing real still, pointing at something and taking pictures. I walked up slowly, introduced myself and asked if they were looking at a deer. They told me that they were visiting from Canada and they were looking at the post office. I assumed they were waiting for it to open so I told them the hours. The one lady looked at me and said they weren't waiting to go in. They were just admiring the post office. Her husband said, "This is the cutest little post office I have ever seen and I have traveled extensively."

Right then, I looked at our cute post office in a new light. Yes, it is a very cute little post office. How many times have I walked or driven by our cute little post office and not given it a second thought?

Then the evacuation occurred and I found myself worrying about our cute little post office. I was actually more concerned about it than my own cabin. Then the evacuation was lifted. I started thanking God for saving our community, our homes, our way of life on the mountain, all the people who worked so hard for us. But first on my list was our cute little post office.

So let's all stop and admire our cute little post office whenever we pass it. We have so many gems on the mountain and our cute little post office is definitely one of them!

Mount Lemmon Homeowners...Are YOU Firewised?

by Michael Stanley, president

Howdy,

I hope all of you have had a chance to enjoy the great monsoon rains we have had so far. 16" of rain with some very heavy storms, some erosion, some flooding and a massive amount of flowers, shrubs and bushes. We still have another 6 weeks of this wet season to go. The sunsets have been spectacular along with the lightening and light to heavy rain. The low clouds play peak-a-boo with the hills and trees. It's very stunning to watch the change throughout the storms. As we all see and feel, summer is fast escaping and soon the leaves will be changing with the colder weather that comes to our door steps.

All of you know the Burro Fire came really close to Willow / Rose Canyon and the Summerhaven areas. This was another shock to our senses and really brought to light our dire need to be FIRE READY. All of us need to continue to FireWise our properties while our association is working with the Forest Service to put the FIRESCAPE PLAN into service. I will keep you updated on progress and ask for your help when needed. We expect to have approval from Fish and Wildlife to proceed with the Firescape Plan by the time you receive this issue of the Echoes. Steps must be taken to better protect our community from the danger of fire.

Our Homeowners Association through the Firewise Community believes this can be achieved and will be a primary leader in this effort. In the future, we will be asking for your help as we proceed with this endeavor.

I want to thank all of you for showing the Fire Fighters and the Type 1 Team just what kind of a community Mount Lemmon is. They were shocked to have the massive outpouring of support. The cards and posters were more than any community had given back to them for their efforts. WE really gave them support above all else.

THANK YOU!!!!!!!!!!

So, our Labor day Pancake Breakfast is coming up on Sunday September 3rd. Be sure to be there for this annual MLHOA event at our Fire Station.

SAVE THE DATE!!!

Annual Pancake Breakfast

September 3, Sunday at 8am at the Mount Lemmon Fire House

THANKS FOR CARING AWARD

The Mount Lemmon Homeowner's Association honors:

Thomas Miller

Thomas Miller is growing up fast and based on his behavior, he's quickly becoming an asset to our little community. I witnessed Thomas walking down the main road with a trash bag and a trash grabber. I was on my way to move some rocks and decided to offer this young man some work. While we drove to the job I had a chance to get to know him better. When I asked him why he was picking up trash, he simply replied, "Cause it needs to be done." He said he was bored and thought he could kill some time cleaning up the area. What a thoughtful, caring young man! Good job Thomas!

Looking For a Few Good Volunteers

by Pete Krauss

We need people to spend a few hours in the MLCC Visitors Center to greet Mount Lemmon guests, primarily on Sundays as Paul usually covers Friday and Saturday. A good way to learn the ropes would be to spend a little time with Paul. He is always ready and willing to teach others. The hardest part is putting up the flag and operating the copy machine. The rest is just visiting with our guests about what there is to see and do on the mountain.

The tourist season is really starting to happen with the warmer weather in the valley. It really is fun and interesting to talk to our visitors who come from all over the United States and the world. Keeping our center open is good for businesses on Mount Lemmon, it supports the Forest Service, reinforces our relationship with Pima County Parks and Recreation (who provides us with the MLCC facility for our many meeting, parties, and programs).

Contact Pete Krauss at teamkraus@msn.com if you'd like to volunteer or call him at 520-887-0524, or 520-576-9136, or 520-235-6904

Mount Lemmon Woman's Club by Mary Hunter, president

A FIRST FOR THE MOUNT LEMMON WOMAN'S CLUB! On Saturday, September 23, 2017 we will host the GFWC (General Federation of Women's Clubs) Arizona - Southern District Fall Conference. Women's club members from Bisbee, Nogales, Sierra Vista, Tucson, Benson Patagonia and Fort Huachuca will travel to Mt. Lemmon for this conference. It will be held at the Community Center from 9:00 am until 3:00 pm. The conference will include a business meeting plus Suzanne Hensel, former Mt. Lemmon school teacher and author of the book "Look to the Mountains", will give a brief history of Mt. Lemmon. Lunch will be catered by the Saw Mill Restaurant. Our "Done in a Day" project for the conference will be "Youth on Their Own". Ladies will be asked to bring donations for this organization which supports homeless students. It is an honor and a privilege to host this conference and welcome these ladies to our mountain community.

NEXT MEETING OF MLWC - Saturday, September 16, 2017 - 1:00 pm at Community Center.

SPEAKER FOR SEPTEMBER

SAN XAVIER MISSION WILL BE THE TOPIC FOR SEPTEMBER

SPEAKERS WILL GIVE A SHORT HISTORY OF THE
MISSION AND AN UPDATE ON RECENT
RENOVATIONS TO THE MISSION

DATE - SATURDAY, SEPTEMBER 16, 2017
TIME - 2:30 PM (following the MLWC meeting)
PLACE - COMMUNITY CENTER

DONATIONS WILL BE ACCEPTED FOR FUTURE RENOVATIONS

COME ONE - - - - COME ALL

ALL ARE WELCOME

Quilt Raffle to Benefit the MLWD

by Christina Hanks

The folks from the water department worked tirelessly during the Burro Fire and really, all the time! I would very much like to find a way to show them appreciation and raise a little money for their upcoming moving and other challenges. We always seem to really enjoy making quilts together so I am organizing and funding the making of a quilt to raffle off to make a little money to give to the department.

The Woman's Club will sponsor using the community center to work in. I will be gone for a few weeks so our first meeting will be Sunday, October 8th at 2:30pm at the MLCC. At that first meeting we will discuss the design and cut out the fabric. Anyone with ideas or suggestions as to the design, please call me at 520-576-6624 or email me at tinahanks5077@yahoo.com. I'm looking forward...it should be lots of fun!

HOWEVER YOU SLICE IT, THERE IS ALWAYS SOMETHING MATHEMATICAL TO LEARN FROM WATERMELON: SHAPES AND APPLICATION

by Christina Grossman

There is not enough to be said about the Watermelon. When we think of summer, the Watermelon is the iconic fruit of sunshine and a carrier of water that so many of us treasure! If you just take a moment to look at the Watermelon that you eat, it tells you a story through shapes.

Take a look at the picture above and look at the navel. That navel is the center of a beautiful multi-pointed star that tells the story of how it began. This watermelon started out as a flower, as most fruits do. So as not to forget where the Watermelon came from, there is this beautiful light green and white star on it. Also take a look at the “vein-like” features of the skin and compare this to the leaves of the plant from which it came from.

At this time, I am explaining this to my little one and telling her about the star and that this is an imprint of the flower that the Watermelon came from. Her response was, “So this came from a flower? So, I eat flowers?” Yes!

(Note: This might be a good time for you to look up the blossoms of a watermelon plant right now and compare it with the picture above of the watermelon)

Take a look at the seeds of the watermelon. The shapes of the seeds are oval, but they also look like water droplets and remind us of how much this wonderful fruit needs so much water to grow and retains it too!

Application:

Lastly, what if you have a small-sized Watermelon and many little hands to eat it? How would you slice this up? I learned this great way of slicing through someone on the internet. This is a great way for little children to be able to hold the slice in one hand and be able to finish it before getting another piece. What shape is the piece of Watermelon now? A rectangle? A rectangular prism? A rectangular prism with a curved edge? I am always an advocate for trying out different names to call a certain shape or object. There is a place for exact names of shapes of objects, but I like to give some opportunity for the eyes to explore beyond and see what other possibilities there are. And all with a slice of Watermelon!

Something To Think About:

Something as much as a fruit can be looked upon with a Mathematical eye, not a Mathematical eye of analysis, but an eye of wonder! Everything tells a story, however you slice it. Enjoy!

The inaugural REVEL Mt Lemmon Marathon & Half will take place on **Sunday, November 12, 2017**. The race will be donating roughly \$2,500 to the community. Runners will run from Summerhaven to Tanque Verde High School. The race begins at **6:30 AM** and all runners will be done by **1:00 PM**. During the race there will be special police escorts performed by Pima County Sheriffs. The Sheriffs will make it possible for people to travel up and down the mountain during the race, but please be advised that there will be delays and plan your travel accordingly. Please email any questions to mtlemmon@runrevel.com

Willow Canyon News

by Sally Crum

Willow Canyon is wonderfully green; the creeks are all running and millions of tiny, tiny pine trees have created a pretty “lawn” everywhere we look. While we haven’t had as much rain as the higher elevations, we are not far behind. Unfortunately, all the runoff has been hard on our newly graded roads and our driveways! Oh well...at least our water tanks are overflowing!!!

Thanks to Gregg Sassek and the rest of the FS crew, the annual cabin inspections have been completed. Final reports will be sent to individual cabin owners later this year.

A small celebration was held for “Mayor” Jo Musser’s 95th birthday. Thanks to Lorri Hans “Dust N Dine” service, we celebrated with Prime Rib, Twice Baked Potatoes, Asparagus, Salad, Homemade Italian bread and a special strawberry birthday cake! Thanks Lorri and Debbie for a delicious dinner!

FireWise News

by Sally Crum, FireWise coordinator

The slash pile at the Mount Lemmon Fire Department has been burned, so we can once again have a convenient place to take our Firewise debris. Thanks to Phil Mack and the Mount Lemmon General Store for using the Nextdoor app to involve the community in the slash burning event. He created a contest with questions and photos about what we should **NOT** be including in the slash pile. The correct answers were: **plastic bags, loose pine needles, construction material and “rounds” (large logs, versus trimmed branches)**. The winners won a pound of the General Store’s incredibly awesome fudge! Paper bags for pine needles are available at the Mount Lemmon General Store, Ace Hardware at Bear Canyon, or your local hardware store.

Even with the recent rainfall, please continue to clean around your property, creating a defensible space, as it was discovered during the recent Burro Fire that there were very few cabins or properties that were truly FireWise. It is important to “ember proof” at least 5 feet around the perimeter of all structures. If it can catch fire, don’t let it touch your home deck or porch.

We are working with the Forest Service on the FireScope plan for the Marshall Gulch thinning and prescribed burn. More info (hopefully good news!) next month.

Gray's Lima Bean

by Frank S. Rose

This plant has beautiful flowers that stick up from the foliage. The whole plant can spread out and cover quite a large area. The leaves have a distinctive shape with three squarish lobes. The flowers can be a pale pink to a deep wine red. If you look closely you will see a twisted nose-like structure in the middle of the flower. There are at least four of these bean species in the Catalina mountains. Two are high on the mountain. Gray's Lima Bean (*Phaseolus grayanus*) is the most common. The other smaller, but not as abundant and harder to spot, Pinos Altos Mountain Bean (*Phaseolus parulus*).

Two other species in this genus are found lower on the mountain in Molino Basin and Gordon Hirabayashi. Tepary Bean (*Phaseolus acutifolius*) and Spotted Wild Bean (*Phaseolus maculatus*). The flowers of all four are similar, but the leaves are different. Though it is called a "Lima Bean" the fruits are not normally eaten by people.

MLFD News

By Peter Norton, MLFD firefighter/paramedic

Well, another summer has pretty much come and gone and before you know it the holidays will be hovering in the back of everybody's mind. If they aren't already (eh-em...no pressure). And with all the hustle and bustle of the holidays including; travel, shopping and spending time with loved ones and friends, it's easy to overlook the real Grinch of the holiday season, the flu.

Flu season tends to coincide with the holidays and usually runs from October to May and has a long history of turning strong, chest pounding men turn into whiny 7 year old couch surfers. The troubling thing this year is that flu season is already here! A couple of us firefighters had the not-so-pleasurable experience of feeling it's wrath, and as for me personally, it felt as though the Grinch himself had hit me with his sled and dragged my body down the mountain for 7 days...no fun.

But have no fear! Walgreens is gracious enough to provide flu shots again at the Annual Pancake Breakfast put on by the MLHOA and held at the Mount Lemmon Fire Station on Sunday, September 3rd from 8a-11a.

So bring a hearty appetite and remember, if you haven't had your flu shot yet and are beginning to feel the symptoms...i.e; dry, scratchy throat, fatigue, muscle soreness, headache or cough, don't hesitate to see a physician before it's too late. In most cases remedies are only effective the first few days after symptoms start.

Another Angel Earns His Wings

by Lorri Hans

It is with great sadness that we bid adieu to an icon, Vic Zimmerman. Vic was able to survive fires, insurance hassles and rebuilding his legacy, but he was unable to survive cancer and Parkinson's disease. Vic passed away on Sunday, August 13th due to complications from both ailments

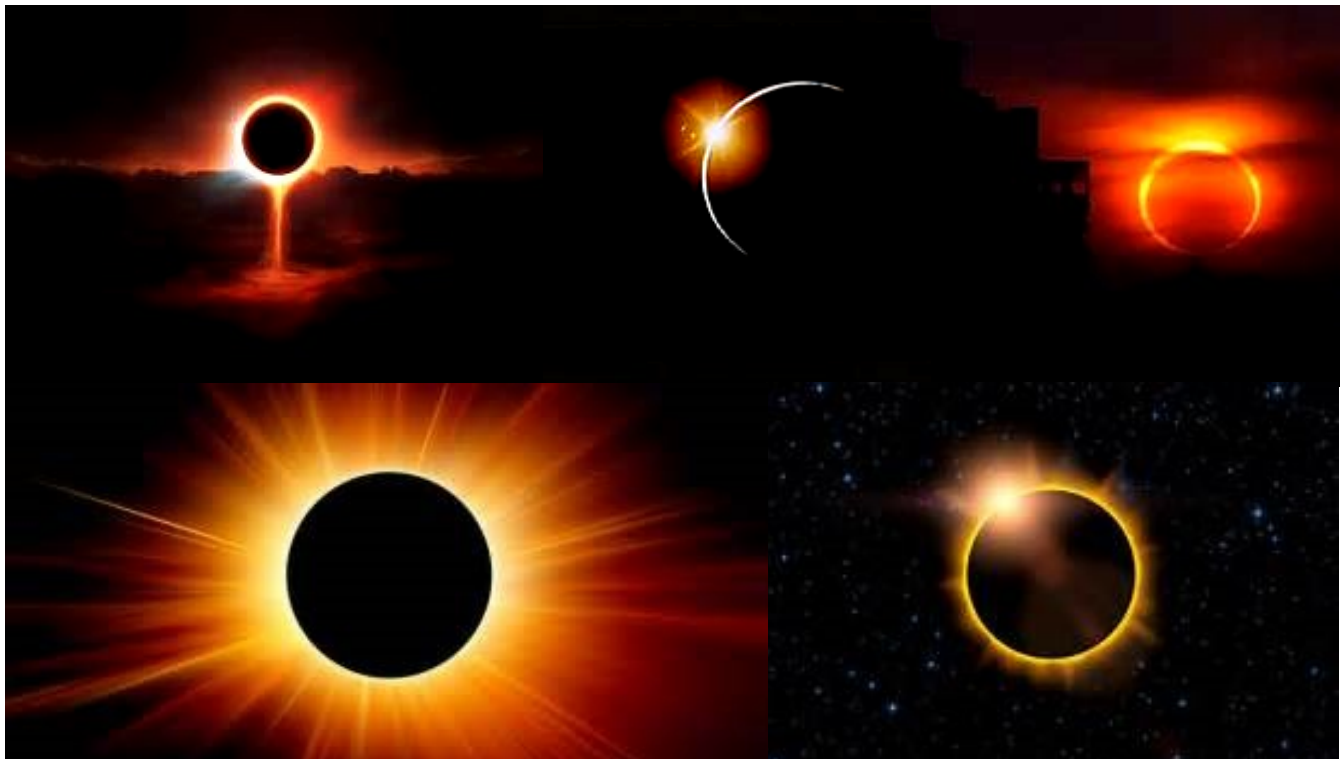

Vic started out with small rental cabins and a shack that he sold cookies out of, thus creating the "Cookies and Cabins". After the Aspen Fire he decided to build a larger food establishment and started making pizza's along with his famous cookies. His place has grown so much over the years under his watchful eye. Now we know he will watch from a higher place but his presence will always be felt and remembered by all who knew and loved him.

Rest well my friend, you fought the good fight but it was time to let your spirit soar...

Getting Everybody Back Home Again

by Lorri Hans

Slowly all of the animals started to return to their homes after the fire that came so close to their homes...

Now it was time to get Stewie and Danny back to the lake and with their families. It would be a long walk that would take many days but the boys trip to Summerhaven had come to an end and it was time to go home. Sweet Pea's father said he would make the trip with the boys so while most of the animals from Summerhaven headed back home, the boys and Sweet Pea's father headed towards the lake.

The boys were bored with the non stop walking and kept sitting down and asking to take a break. Sweet Pea's father was an impatient older squirrel and was getting annoyed with the boys lack of endurance. He knew the only way they were going to make good time on their trip was if he could come up with a game that not only got them further along, but also entertained the kids enough to keep them walking. So, he said, "Oh I know, let's play hide n seek." You boys run as far ahead of me as you can then hide. I will follow your trail and see if I can find you. The boys loved the idea and made a bet that Grandpa Squirrel wouldn't be able to find them. The boys ran as fast as they could...then hid behind the biggest tree they could find. They could hear Grandpa coming up the trail singing, "oh where oh where can my little guys be, where oh where can they be?" This made the boys giggle so Grandpa found them right away. "Oh come on guys, you can make it harder than this to find you!", said Grandpa. So off they went again up the trail and hid in a small bush. Sitting as quietly as they could, they waited for Grandpa to catch up and find them.

Danny kept feeling something cold on his leg and thought it was Stewie. Finally he said, "Stewie, stop touching my leg! That's cold and it tickles." When Stewie didn't respond he looked back to find that Stewie wasn't hiding with him at all! It was a different animal that he had never seen. Danny jumped back and quacked, "what the heck are you?" The animal huddled with him stood and said, "My name is Franklin the Fox the third, from the long time legacy of Foxes. I am royalty and you shall kneel at my feet! It is expected and no other behavior will be accepted!!" Danny fell over laughing!! Royalty? What in the world is that? You are merely another creature on this land that I have not met before. I would be happy to be your friend but it is highly unlikely that I will EVER kneel at your feet!

Once Franklin and Danny talked more it was discovered that Franklin was yet another abandoned baby in the forest. Danny told Franklin all about Stinky and how his mom had never returned to get him but he was adopted by the Raven family. Danny thought maybe they would adopt Franklin too so he told him to follow and maybe he would find a new forever home at the lake. The two boys hurried along the path to catch up to Grandpa and Stewie since they could hear them calling for Danny.

Grandpa saw Danny running up the hill with a fox right behind him and instantly hid Stewie behind him to protect him from the potential danger but as they got closer he could see they were talking and not afraid. He listened to the story about Franklin's mom not coming back for him. They got separated during the fire. Grandpa laughed as he thought about the odd friends that his grandson had. A duck, a raven, a skunk, and now a fox. Since the boys were too young to know they shouldn't be friends, their bond came from the pure innocence that only children had. He reflected on his own childhood and wished he had been brave enough to make friends with other animals too but he hadn't...

****Just Call 911****

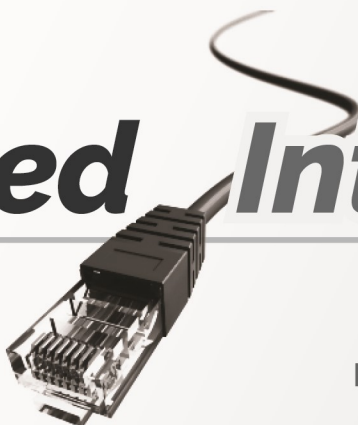

Becoming friends with our local firemen, EMT's, and law enforcement officers is bound to happen when we see them so often. It has become second nature to just call them directly instead of using the 911 services. It is very important to their budgets that we utilize the 911 dispatch and not call directly to the firehouse or our sheriff's cell phones. If we don't go through the proper channels, the agency doesn't get credit for the service they have performed. We ask that if you need medical attention, CALL 911. If you are in need of law enforcement, CALL 911. If you see a fire, CALL 911. It will benefit us all in the long run!

MLHOA

The Mount Lemmon Homeowner's Association (MLHOA) was formed in 1969 to protect the welfare of the Mount Lemmon community and to be involved in all aspects of its improvement. The concerns of the organization are not limited to private property owners. Full membership with voting rights is accorded to private owners and leased land holders upon payment of yearly dues. Being organized, having a legal fund and having active **LOCAL** voice participation enables the Association to accomplish most of its goals. Pima County has said the MLHOA is the strongest and most respected homeowner's organization in the entire county. Dues are \$35 per year payable in February. Renters and Friends of the Mountain may obtain membership for \$35 a year. The Annual Dinner and Meeting is held each year on the first Tuesday after taxes. To join the Mount Lemmon Homeowner's Association, send a check to Box 699, Mount Lemmon, AZ 85619.

The most visible product of the MLHOA is the **ECHOES**, a newsletter published ten times a year. The Association organizes social events such as potlucks, pancake breakfasts, ice cream socials and raffles, enabling owners to mingle. Members of the Board are: Mike Stanley, president; Jenni Avram, vice-president; Linda Currin, treasurer; Sally Crum, secretary; Lorri Hans, Event coordinator; John Mulay; Pete Krauss; Debbie Fagan; Glen Schager; Mike Bernstein; Tom Thomas, Bill Piatkiewicz; Carrie Reitz, and Jerry Taylor.

Advertising in the Echoes is \$10 per issue for a proportional business card and \$50 per issue for a 1/4 page ad.
