

The Mount Lemmon Echoes

Soldier Camp-Experience in the Aspen Fire (June-July, 2003)

By Chuck Huber, Greater Soldiers Camp Association

Soldiers Camp and the majority of the Summerhaven area had a near miss in the 2002 Bullock Fire. In June/July of 2003, Soldiers Camp was not so lucky.

The Aspen Fire, an 85,000 acre blaze, hit the Fern Ridge area of Mount Lemmon hard. Eleven of the 63 cabins in the Soldiers Camp area were destroyed. These were cabins that had been in families for many years prior to the event. The majority of the cabins were rebuilt, but only a significant lobbying effort immediately after the event persuaded the Forest Service to allow the rebuilding.

In Soldiers Camp, the fire took more than just the cabins— it devastated the tall pines that were the hallmark of the cabin experience. Gail Paulin learned the truth all too well. She had seen pictures of her burned cabin on Fern Ridge-but the reality was stunning. Gail had retired from teaching in 2003. She had planned to spend time on the mountain. “I had a cabin in the forest,” says Gail. “Now I have a cabin in a meadow.”

In the Aspen Fire of 2003, Fern Ridge was transformed, even to this day. A drive into the area will reveal a completely new ecosystem still adapting to the fire’s effects. In Soldiers Camp, and other recreational residence tracts, another fire could be even more devastating. Forest Service regulations continue to tighten, and obtaining permission to rebuild is certainly not guaranteed.

Prevention and Preparedness is key to the managing of the ever-present risk of fire through our community. Implementation of FireWise principles throughout our community gives us our best chance to weather the next storm.

Cascading Blues Quilt Finished

by Lorri Hans

If you've kept up with the process of the colors of blue quilt being raffled off to benefit the Mount Lemmon Water District, then you know how beautiful it is. The quilt has returned from the last stitch area and the end result is breathtaking! Raffle tickets for the quilt are available through the Mount Lemmon Woman's club members, from Lorri Hans (reach her at 520-907-6818 or mtlemmonpielady@gmail.com) and you can call or email her to order your tickets. Tickets will also be available at the MLHOA Annual Dinner at the Viscount on the 24th of April. The tickets are \$5 each or 5 for \$20. Tickets will be available until the drawing at the Annual Pancake Breakfast at the Mount Lemmon Fire District. Buy early so you can buy more later! Below is the finished product...

A Sign Of Spring

by Frank S. Rose

Today my friend Dave and I went to Molino Basin. We crossed the road and followed the stream until we came to a place that had running water. Much of the stream runs underground, but we found a rocky area with a series of tiny little waterfalls. We enjoyed the special sound that flowing water makes.

It was only after being there for some time that Dave noticed a plant in bloom. This time of year that should not be a surprise but with a dry winter, wildflowers are very few and far between.

What he saw was *Stemodia* (*Stemodia durantifolia*) a beautiful blue flower in the same family as the penstemons (Plantain family). The plant looked a little the worse for wear, with very few fresh leaves. And yet it had more than a dozen and a half blooms. We looked a little further and saw a smaller version of the same plant. This was our first sign of spring.

Mount Lemmon HOA

by Jenni Zimmerman

Hi all!

Spring is on its way and before you know it, the heat and dangers of summer will be here. The mountain only got one foot of snow this year so our fire danger is higher than normal. We have A LOT going on now, more than ever and we need everyone to be involved. Our little mountain needs your support. We have a very strong FireWise group and we are still praying for the Marshalls Gulch and Turkey Run fire scape plan gets taken care of. You still need to do your part and keep your property FireWise!

The Mount Lemmon Business Economic Association is working with Pima County to work on getting more parking for the over-flow of guests and many more items on the agenda.

The S.O.S. (Save Our Summerhaven) board is still working with the state representative and state forester to get our forest thinned and working on numerous items.

Read your Echoes and mark down all the dates for all of the important meetings and gatherings we have going on this summer.

Let's all pray for those April Showers to get our May flowers!

Also, Jenni Zimmerman will be selling FireWise t-shirts again to collect money for the FireWise so look our for these great additions to your mountain attire.

We have 2 quilts being raffled off this year for fundraising as well as a Spaghetti Dinner so save your pennies and come out and support your local Fire Department, FireWise and our local Water District. Look further in this issue of the Echoes for Save The Date information and where to buy raffle tickets for these beautiful quilts being offered! You'll not want to miss a chance at winning either one of them!

Renting Out Your Cabin

Life is busy and sometimes you don't get to use your cabin like you wish you could? If you have ever thought of renting out your cabin and making some money to supplement with the bills, Mount Lemmon Reality has done property management for 35 years. We are experienced and YES selective. Give us a call if you're interested at 520-576-1333.

THANKS FOR CARING AWARD

The Mount Lemmon Homeowner's Association honors:

Diana Osborn

Diana Osborn has been working tirelessly on getting our Community Center some better acoustic panels and has gotten the county to kick in some funding on this venture. Diana has given of her time, her patience and her heart to get this program up and running. For those of you who attend our yearly concerts, you will certainly reap the benefits of her efforts! Thank you Diana for taking on this project!

Looking For a Few Good Volunteers

by Pete Krauss

We need people to spend a few hours in the MLCC Visitors Center to greet Mount Lemmon guests, primarily on Sundays as Paul usually covers Friday and Saturday. A good way to learn the ropes would be to spend a little time with Paul. He is always ready and willing to teach others. The hardest part is putting up the flag and operating the copy machine. The rest is just visiting with our guests about what there is to see and do on the mountain.

The tourist season is really starting to happen with the warmer weather in the valley. It really is fun and interesting to talk to our visitors who come from all over the United States and the world. Keeping our center open is good for businesses on Mount Lemmon, it supports the Forest Service, reinforces our relationship with Pima County Parks and Recreation (who provides us with the MLCC facility for our many meeting, parties, and programs).

Contact Pete Krauss at teamkraus@msn.com if you'd like to volunteer or call him at 520-887-0524

CRITICAL! REMEMBER, It's not IF, but WHEN!

by Sally Crum, FireWise chair

Dorothy Johnson and Susanne Drolet hosted a meeting of Neighborhood FireWise Captains which included volunteers from Summerhaven, Soldiers Camp and Willow Canyon. One will be contacting you soon with information and ideas to assist you in your FireWise efforts. Watch Nextdoor and listserv for a list of names.

Although many of you responded to the call to sign up for Nextdoor, MLHOA and listserv last month, do so **NOW** if you haven't! These are means of communicating critical information to you. March was the time to contact the Mount Lemmon Fire Department at 576-1201 X5 to arrange for your free FireWise Home Assessment, but, again **it's not too late**. Give them a call **today**.

APRIL-VOLUNTEER– Respond to your Neighborhood FireWise Captain and work together to protect and FireWise your property. Reduce fuel loads and remove flammables from around your cabin and lot. YES, even if your property is vacant, excess fuels will contribute to the spread of wildfire and put others at risk.

MAY– Do spend a day or weekend FireWising. Following is a list of providers who have indicated they are available to help with FireWise efforts if you are unable to do so yourself. If you are aware of other suppliers, please let us know so that we can share the information. Again, you don't need to open your cabin for the season if you're not ready, just spend a day or weekend FireWising your area. NOTE; Please call the supplier for quotes, etc. You might also consider having a "Hold Harmless Agreement" in place for the work to be performed.

Suppliers: *Mt. Lemmon Professional Services (Sean and Barb) 520-225-0468; Lorri and Debbie 520-907-6818; Manny Diaz 520-426-0102; Peter Norton (off duty MLFD) 520-576-1201 X3; Made in the Shade 520-331-2092; Affordable Chimney & Duct 520-444-2825; Robert & J.R. Henderson 386-338-4464.*

SAVE THE DATE

Saturday, May 5th, Wildfire Community Prevention Day. We have arranged for a 20-man crew, with a chipper to chip slash which has been timed and placed by the road (no charge but donations will gladly be accepted). They will also be available, on a FIRST COME, FIRST SERVE basis to cut trees. Please contact me (sbc602@gmail.com or 576-1008) to take advantage of this opportunity! Your Neighborhood Captain can answer questions about this event. There will be a Spaghetti Dinner at the Mt. Lemmon Fire Department following this community day, courtesy of Lorri Hans. All proceeds will benefit the MLFD.

Saturday, May 26th, ANNUAL FIREWISE BLOCK PARTY at the Mt. Lemmon Community Center

FireWise for Fire Potential...Not Just Fire Season

by Dan Leade, MLFD captain

On March 7th, the Mount Lemmon Fire District responded to a brush fire at the entrance to Marshall's Gulch. While we occasionally see fires at this time, and even earlier, the ignition source should be noted. Many of our fire starts are human caused-campfires, smoking or cooking— but this fire was more unpredictable, this fire was caused by a downed power line.

Why is this so important? Simply stated, we cannot assume that properties are safe because they are believed to be immune to outside activity. What this fire should be teaching all residents is that fire, in general, is unexpected and can occur at any time and in any place. The Burro Fire placed a large emphasis on FireWise. Many properties needed more attention than they were receiving, and many good people dedicated their time to that cause. I would suggest that now is the time to FireWise your own property.

The Burro Fire, although eye opening, was quite a distance away from your properties. A downed power-line, lightning strike or human activity could certainly shorten the distance...will you be ready?

Mount Lemmon Woman's Club

by Mary Hunter, president

On Saturday, March 3, 2018 the General Federation of Woman's Clubs (GFWC) Arizona Southern District held their spring convention in Benson, AZ. Five members of the Mount Lemmon Woman's Club attended—Mary Hunter, Linda Mulay, Helen Quigley, Sally Crum and Char Atkinson. Community Service Project Awards for the past year were presented. We received 1st Place Award in the Arts for our work with the Candlelight Childhood Cancer Foundation of Southern Arizona. We sewed laundry bags and put together art supply bags for 40 children with cancer attending camp on Mount Lemmon the first weekend in June 2017. At this convention all Woman's Club members were encouraged to submit their arts and crafts projects for show and judging. Linda Mulay received 1st Place Award for her press book and "Cabin Rules" quilt made by Sally Crum and Barbara McLean and quilted by Katie Ammon and won a 1st Place Award. Congratulations ladies! Judy Lee from the San Pedro Valley Arts and Historical Society Museum gave a very interesting talk on the history of the Benson area. We were also able to tour the museum. A great place to visit if you are ever in the area.

The next meeting of the Mount Lemmon Woman's Club will be held Saturday, April 21, 2018 at 1:00pm at the Community Center.

Upcoming MLFD Fund Raisers

by Lorri Hans

A couple of years ago, when Randy Ogden was still our chief, we held a Spaghetti Dinner at the Fire House and had great success in raising much needed funds for our firefighters. We are ready to hold this event again with the cooperation of our new chief Joe Gunia and our FireWise coordinator, Sally Crum. We will hold 2 Spaghetti Dinners this year. The first will be held on Saturday, May 5, 2018. This is also the kick off for the Wildfire Community Preparedness Day, so please save the date of May 5th! Dinner will include; Spaghetti and Meatballs, Garlic Bread and Cesar salad. The requested donation for dinner will be \$10 and we will serve dinner from 5pm-7pm. The Cookie Cabin has offered to donate a smaller version of their amazing cookies for dessert, the Mount Lemmon General Store is donating sodas and water, the Mount Lemmon Woman's Club is funding the tableware and napkins and Palo Verde Signs will be donating the banner to advertise our event. Lorri Hans and Debbie Weatherly will be donating the spaghetti dinner and preparing it. We will be looking for volunteers to help serve dinner so if you'd like to help out please email Lorri at mtlemmonpielady@gmail.com. Keep an eye out in the Echoes for the announcement of the next dinner in August.

The Fourth Of July Parade

by Jennifer Shacter

Once again this year, fire danger is predicted to be high. The 2017 Burro Fire mandatory evacuation changed our traditional parade, making it significantly smaller– 10 participants AND one spectator. Please do all YOU can to FireWise YOUR property and help prevent another scare to our beloved community! It seems like so far away, but July will be here before you know it! It's not too early to begin gathering YOUR ideas for the 2018 Mount Lemmon 4th of July Parade. Our parade will be held on Wednesday, July 4th at 12:00 Noon, following its traditional route through Summerhaven.

Do you have any contacts with marching bands, clowns, baton twirlers, veterans groups, scout troops, fiddlers or has your family considered an entry or float? We hope to see kids, dogs, horses (maybe even mules) and mountain neighbors having fun and being patriotic! Parade entry forms will be available in next month's Echoes, by contacting Jennifer, and through several businesses in Summerhaven & Ski Valley.

To volunteer (parade planning and/or assistance the day of the parade) or to offer suggestions, please contact Jennifer Shacter at 520-749-9233, 520-576-9329, or kksowner@gmail.com.

Veggie Noodle less "Lasagna"

Submitted by Leah Keuroghlian

This is a zucchini, as the noodles dish. Using a Y shaped, hand-held peeler, sliced zucchini and squash layers. Simple seasoning, highlights the ingredients flavors. This is a very flexible dish and can easily be adjusted to your taste. Be creative and have fun!

INGREDIANTS;

6-7 zucchinis, as you make each layer, Y shaped peeler for ease, sliced into thin slices. Don't peel
2 yellow squash, Y shaped peeler, sliced into thin slices

1 head broccoli divided into small pieces, discard stems.

5-6 large tomatoes or 12 medium, sliced thin, how many is up to you.

1 yellow and 1 orange bell pepper sliced into thin rings

9-12 large pieces of sliced low fat Alpine Lacy Swiss cheese, these need to be enough to cover as layers.

Add any vegetable you like, mushrooms, onions, green beans and carrots are ok but be mindful of the sweetness of carrots and the crispness of beans.

You can add more layers of cheese, in this dish cheese has been kept to a minimum.

Lots of fresh oregano, if possible.

Granulated garlic to taste or chopped small or minced garlic cloves in layers to taste

8-10 TBSP of tomato sauce with basil or any other.

Small amount of olive oil.

DIRECTIONS;

3 Qt baking dish or a medium lasagna pan. If larger just multiply the ingredients. It's all in the number of layers you wish to have.

Clean and strain vegetables. In the bottom of pan, spray a little olive oil. Slice the zucchini into thin slices and spread over one another to make the first layer.

Spread broccoli on top as next layer. Place tomatoes on top, handful of oregano and a little garlic. Layer of yellow squash slices, 2 TBSP sauce. Alternate the squashes as you like. I usually only use 1 layer of yellow. Layer of cheese, 2 TBSP sauce, layer of cauliflower, layer of tomatoes, oregano and a little garlic. Layer of zucchini, 2 TBSP sauce, oregano and a little garlic. Layer of tomatoes, layer of zucchini, layer of pepper rings, oregano, layer of cheese, 2 TBSP sauce. Place 2-3 pepper slices on top for garnish.

Preheat oven to 350. Cover with foil and cook for 45 minutes. Remove foil and cook until cheese is nicely melted and a little brownish, about 10 minutes. Let cool for 15 minutes to allow the dish to set before serving.

TIPS: There is a lot of liquid in these vegetables. There is no need to put very much sauce, unless you wish to. Add Italian seasoning, salt and pepper to taste Bon Appetit!

Where Oh Where Can Little Frankie Be?

by Lorri Hans

Rufus had flown to Summerhaven and had finally found Frankie's mom, who had been searching for her son since the Burro Fire in July of 2017. Fancy the Fox had never given up hope of reuniting with her only son but as the months went by, she couldn't help but think he might not ever be found. When the little mouse took Rufus to meet Fancy, Rufus was certain this was Frankie's mom but he also thought that she would make a wonderful foster mom for him either way.

Rufus flew as fast as his mighty wings could carry him, returning to the lake with the best of news. Although his excitement was dimmed with the news that Frankie had wandered into the woods earlier that day in search of a family and had not returned. The sun was setting quickly to the west and soon it would be too dark for Rufus to see. He knew that Fancy would arrive soon to claim her baby boy and the thought of letting down yet another creature broke his big heart. Rufus flew around the lake cawing for Frankie, but received no response. Frustrated and determined to find Frankie, Rufus turned to an old friend, Oliver the Owl. Oliver could see at night and that was exactly what Rufus needed, night vision. So just on the break of darkness, Rufus arrived at Oliver's tree and asked his old friend to come help him find the baby fox that had wandered away. "Do you have any idea how big this forest is?", asked Oliver. "It will take a miracle to find a small fox in these woods, especially after dark but I will try for you, my friend.", said Oliver. In the meantime, back at the lake, Fancy the Fox had just arrived...

Fancy hit the lake at a full run, yelling Franklin's name over and over. She was more frantic now that she knew she was closer to him than she'd been for the past few months of searching. Sweet Pea ran to meet Fancy and to tell her how Frankie had wandered off but that she was certain they would find him before the night was over. She told Fancy how they came to have her son and how they had been looking for his family or at least a family of foxes to take him in. Even though Fancy was distraught over knowing her boy was missing, she was too excited about knowing she was so close to having him back in her little fox arms.

Rufus returned to the lake and let everyone know that Oliver the Owl had taken flight into the darkness in search of Frankie. Since Oliver had no idea which direction the boy had wandered off in, his task was a large one. He started with a circle of about 1/2 mile around the lake, hooting the name "Frankie", then extended his search by 1/2 mile with each circle. He realized that Frankie might not have ever met an owl and might be afraid to speak up so he started chanting, "Franklin the Third, your mother Fancy the Fox is at the lake awaiting your return." Since owls fly most of the night, or at least are awake, this adventure wasn't tiring for old Oliver. If anything he was enjoying having a mission as hunting for food every night had become boring. Most of Oliver's friends slept at night so he welcomed having something to do during the darkness.

Oliver had flown all night and the sun was beginning to come up over the east. He, like Rufus, felt defeated and wasn't happy about returning to the lake without the lad. How far could a tiny fox go??? On his last loop around the lake, hooting Frankie's name, he thought he heard a faint voice calling for help. Could it be? Had he found the missing fox? His excitement could be heard throughout the land as he hooted and hooted. He swooped down to where he heard the little voice and there lay Frankie. He had fallen from a rock and wasn't able to walk. Oliver knew what to do as he had fixed broken wings before so he grabbed a small stick and laid it next to Frankie's injured leg. He then gathered dried grasses that he felt were

strong enough to tie Frankie's leg to the stick, then he told Frankie to stand up and walk. He knew it would hurt but he wasn't that far from the lake. As the sun fully rose, casting a golden shadow on the lake, an injured Frankie limped his way to Sweet Pea's house and his first sign of life was to see his mother sleeping near their nest. Fancy heard her name, "MOM" and rose her head to see her son. Tears of joy ran down the cheeks of all the residents of the lake...Frankie was found...

It's all in the Cards: Working with Numerical Operations in One Game!

by Christina Grossman

With being up in the cabin, we would like to do things together that are fun and interactive. Sometimes they are activities that are both inside, or outside, depending on the weather. Here is a card game that can either teach, or refresh our memories on computation. Whether you have kids, grandkids, nephews and nieces, or just want a fun game, this card game is for you!

Have you ever played the card game “War”? Well, it is much like that.

Instructions:

- * You need 1 deck of cards <https://www.eduplace.com/math/hmcam/tools/ltools/3/3hmmca-cr-lt-39.pdf>
- * Or number cards
- * Take out the Joker cards if you have a deck of playing cards and do not use the 0 card in the number cards (you can if you wish)
- * Ace cards count as 1. King, Queen and Jack cards count as 10 (you may want to take these out at first as it may be confusing).
- * Each player (2 players at most) get 7 cards each.
- * Count to three and each player puts out 1 card on the table, face up.
- * The first player who can subtract the cards (larger value-lesser value) gets the pair
- * The player with the most pairs, wins.
- * Remember to make it fun at first! You might want to include some crackers or popcorn to use as tools to figure out the subtraction too!

Something to Think About:

At the moment, my son understands the concept of subtraction and counts with his fingers from time to time. Counting with fingers is a strategy that helps the child with subtraction. I tend to look up in the air to one corner to think about the subtraction because I am visualizing it in my head and that is a strategy. Because he understands the concept of subtraction, addition, and multiplication first, the card game is great as a supplement for learning and thinking.

There are a number of ways to think about subtraction whether you build a model, draw a picture, verbally explain your thinking, act it out or write an equation on it to compute. Sometimes we need blocks, fingers, or pictures to help us think about certain operations like subtraction, addition, and so forth.

Always remember that we can do this game as adults to help strengthen our memory as well. Doing this card game is never a reflection on our intelligence, or lack thereof. Regardless of where we are at in life with mathematics, from time to time, we need a bit of a mental warm up. If stretching and warming up your muscles before exercising is recommended, then so should doing some mental exercises for math! Enjoy and have fun! For pictures and more ideas, please go to www.learningmathwithmom.com

MLHOA

The Mount Lemmon Homeowner's Association (MLHOA) was formed in 1969 to protect the welfare of the Mount Lemmon community and to be involved in all aspects of its improvement. The concerns of the organization are not limited to private property owners. Full membership with voting rights is accorded to private owners and leased land holders upon payment of yearly dues. Being organized, having a legal fund and having active **LOCAL** voice participation enables the Association to accomplish most of its goals. Pima County has said the MLHOA is the strongest and most respected homeowner's organization in the entire county. Dues are \$35 per year payable in February. Renters and Friends of the Mountain may obtain membership for \$35 a year. The Annual Dinner and Meeting is held each year on the first Tuesday after taxes. To join the Mount Lemmon Homeowner's Association, send a check to Box 699, Mount Lemmon, AZ 85619.

The most visible product of the MLHOA is the **ECHOES**, a newsletter published ten times a year. The Association organizes social events such as potlucks, pancake breakfasts, ice cream socials and raffles, enabling owners to mingle. Members of the Board are: Mike Stanley, president; Jenni Avram, vice-president; Linda Currin, treasurer; Sally Crum, secretary; Lorri Hans, Event coordinator; Mickie Gelsinger; John Mulay; Pete Krauss; Debbie Fagan; Glen Schager; Mike Bernstein; Tom Thomas, Bill Piatkiewicz; Carrie Reitz, and Jerry Taylor.

Advertising in the Echoes is \$10 per issue for a proportional business card, \$25 for 1/4 page and \$50 per issue for a 1/2 page ad.

Mount Lemmon Community Center Can you hear me now? FUNDRAISER FOR ACOUSTIC PANELS

SPONSOR A PANEL TODAY!

Have you ever enjoyed a concert or event at the Mt Lemmon Community Center?

Acoustic Panels will greatly improve the acoustic quality of lectures, concerts, meetings, church and special events. Our community can make the difference by sponsoring acoustic panels. Consider sponsoring a small panel (2'x2') at \$40 each or a large panel (2'x4') at \$80 each. All sponsors will be honored on a naming panel in the meeting hall. To become a sponsor please fill out and return the coupon below with your check. We look forward to accomplishing this improvement with your help!
